VOLUME 1.

MARYVILLE, MISSOURI, TUESDAY, MARCH 28, 1911.

NO. 249.

FRENCH TO LECTURE

MARYVILLE TO HAVE ONE OF A SERIES OF TEN LECTURES.

DATE SET MIDDLE OF MAY

"Wit and Wisdom of the Crayon" is the Theme, and the Lecturer is Director of Chicago Art School.

Dr. H. K. Taylor of the Northwest Normal, who has just returned from the meeting of the normal school presidents of the middle west, at Chicago, reports a most interesting and profitable meeting. The district is made up of fifteen of the states of the middle west, and thirteen of them were represented at the meeting. Colorado and Oklahoma having no representation. There were thirty-seven normal presidents there, Missouri heading the list with four.

While in Chicago, Dr. Taylor made arrangements with W. M. R. French, director of the Art Institute of Chicago, to deliver a series of ten lectures in Northwest Missouri on "The Wit and Wisdom of the Crayon." Mr. French is said to be the greatest lecturer on art in the country. He portrays the beauty and development of the work in an entertaining manner, interspersed with a plentiful supply of wit and humor. The lectures are entertaining to all, and are especially instructive to the children. An effort will be made to put the lecture on here at the very low price of ten cents for each admission, so that every child in Maryville can attend. The lectures will be given between the 19th and the 23rd of May, and will be given in the following towns: Maryville, St. Joseph, Shenandoah, Creston, Clarinda, Trenton, Chillicothe, Liberty and Excelsior Springs. The lecture in Maryville will be given either in the auditorium of the new Normal building or in the high school auditorium. Prof. Hawkins is also much interested in the proposed lecture, and it will no doubt be greeted by a large audience.

Announcement is also made that O. A. Thomas, president of the Kearney, Neb., normal, has been secured to deliver the address before the normal class May 24. Rev. Lee Harrell, pastor of the Baptist church of this city, will preach the baccalaureate sermon at the Baptist church Sunday evening, May 21.

News of Society and Womens' Clubs

Their Golden Wedding.

John Harrison, who makes his home with his daughter and her husband, Mr. and Mrs. Charles Wadley, left for Waterloo, Ia., Monday morning to be present at the golden wedding anniversary celebration of his brother and wife, Mr. and Mrs. David Harrison.

Guests at "Cedar Lawn."

Mr. and Mrs. E. L. Andrews entertained at dinner Sunday evening for their guest, Mrs. A. E. Foster of Anadarko, Okla., who, with her little son, Merritt, have been visiting them, and other relatives in Maryville. The guests included Mrs. Foster, Miss Golda Airy, Miss Audrey McMillen, Homer Flowers of St. Joseph and Earl Flowers of Burlington Junction. The Messrs. Flowers are the brothers of Mrs. Foster, who left for her home Monday evening.

Mrs. Mecca Moore a Bride.

Mrs. Mecca Moore, formerly of Maryville, was married Saturday evening at 5 o'clock to Mr. James B. Foster of Dearborn, Mo., at the home of her mother, Mrs. M. C. Maupin, at 15 Summit place, St. Joseph. The ceremony was performed by Rev. Dr. Cleo M. Chilton, pastor of the First Christian church of St. Joseph, in the presence of the following guests: Mrs. Frank Owens and her daughter, Mrs.

Harry Irwin of Maryville, sister and niece of the bride; Mrs. John Wilson, Miss Duncan and Charles Foster of Dearborn; Mrs. Maupin, Mrs. R. E. Brinkard, Mrs. J. E. Meadows, Miss Ruth Maupin, Miss Mary Louise Smith and Mrs. Joseph Kell, of St. Joseph. Mr. and Mrs. Foster are at home on their farm, two miles east of Dearborn. The bride is well known in Maryville, having spent quite a number of years here after her first marriage. She was popular socially and her many friends will wish her and her husband a long and happy life.

Surprised Engelmanns.

A small company surprised Mr. Alfred Engelmann and his bride Monday evening by making an unexpected call on them, to welcome Mrs. Engelmann to her new home in our midst. Mr. and Mrs. Engelmann were married at the bride's home, near Clarksburg, last Wednesday. A much larger gathering had been planned for, but owing to the illness of Mr. Engelmann's sister, Miss Anna Engelmann, who is quite sick of grip, a limited number met at the home of Mr. and Mrs. F. W. Olney and went to the Engelmann home and spent an informal social hour. Those present were Mr. and Mrs. Olney and little daughter, Ruth; Mrs. Eugene Ogden, Mr. and Mrs. J. H. Anderson, O. L. Holmes, Mr. and Mrs. Edward McDonald and daughter, Miss Dorothy, and Miss Marcia Messenger.

At the Minister's Home.

Rev. and Mrs. Lee Harrell of the First Baptist church will entertain the Amomo class of that church's Bible school and three other classes at their home on West Third street Tuesday evening.

Koch Family Reunion.

The St. Joseph Gazette of Sunday morning contained a group picture of four generations of the Koch family of St. Joseph, of which Dr. C. D. Koch of Maryville is a member, and also spoke of the surprise dinner given a week ago to celebrate the seventy-fourth birthday anniversary of Mrs. Elizabeth Koch, who is the step-mother of Dr. Koch. The members of the family shown in the picture are Mrs. Elizabeth Koch, J. M. Koch and son, Miss Martha Koch, L. E. Koch, Mrs. G. V. Koch, Mrs. J. Richardson, Mrs. J. W. Koch, Miss Katherine Koch, Mrs. J. M. Koch, Mrs. C. D. Koch, Dr. C. D. Koch and nephew, C. D.; Mrs. Elizabeth Koch, Agnes Koch, Charles A. Pfeiffer, Mrs. Pfeiffer, Gerard W. Koch, John W. Koch.

The Gazette said:

Four generations were represented at a post card shower and surprise dinner given a week ago today to mark the seventy-fourth birthday anniversary of Mrs. Elizabeth Koch. Mrs. Koch, who has for several years been a great-grandmother and whose sons are well known in business in St. Joseph and Northwest Missouri, received many messages of congratulation from relatives and friends, messages coming from Louisiana, Mississippi, Kentucky, Ohio, Arkansas, Kansas, South Dakota and Missouri.

Mrs. Koch was born at Kehl, Baden, across the River Rhine from Strasbourg, in 1837. She arrived in New Orleans in 1857, after a voyage on sailboat, and took up residence in Clinton, East Feliciana parish, Louisiana, at which place she was married to Christian Mochle during the same year. Two daughters were born to them. At the opening of the civil war Mr. Mochle enlisted in the confederate service under General Johnston, and later served under General Hood. He was killed in battle near Atlanta, Ga., near the close of the war, in 1864.

In 1868 Mrs. Mochle was married to Gerard Koch, who was a widower with four children, and four sons were born to Mr. and Mrs. Koch. Mr. Koch died of pneumonia in 1877.

Mrs. Koch lived in Clinton for forty-five years. She came to St. Joseph in 1902. She has been a member of the Presbyterian church continuously for fifty-four years.

Measuring Social Success.

The "measuring social" given by the May and September divisions of the Aid society of the First Presbyterian church at the home of Dr. and Mrs. W. H. Brown, Thursday and Friday evenings and Saturday afternoon, attended respectively by the married folks, young folks and children, was quite successful and cleared over \$20. Hum drum dominoes and various other games were the diversions preceding the refreshments. Those who attended paid three cents a foot of their height, and one cent for each extra inch. The socials were in charge of Mrs. Brown and Mrs. C. D. Leffler for the May division of the society, and Mrs. W. H. Crawford and Mrs. F. M. Petty for the September division.

AN ALIENATION SUIT

J. C. YOUNG BROUGHT SUIT AGAINST W. N. PFEIFFER.

WANTS \$4000 DAMAGES

Parties Are From Pickering, Where Both Were Engaged in Business.

Suit was filed in circuit court Monday Crawford & Saylor, attorneys representing John C. Young, against William N. Pfeiffer for the alienation of the affections of Mrs. Belle Young, wife of the plaintiff.

The plaintiff in the case is a resident of Pickering. The defendant formerly resided in Pickering and was engaged in the barber business. He recently came to Maryville and purchased the shop on the south side of the square of E. W. Friend, and after conducting it a few weeks sold it again.

The petition alleges that the defendant without the consent and against the wishes of the plaintiff made appointments and held telephone conversations with the wife of the plaintiff, "with a design to oppress and injure plaintiff," and that such conduct resulted in great "mental anguish and mortification" to the plaintiff. He therefore asks for damages to the amount of \$4,000, \$2,000 actual damages and \$2,000 punitive or exemplary damages. Shinabargar, Blagg & Ellison have been employed to represent the defendant.

"WHITE MAN'S HOPE" TO BATTLE TODAY

Today is an eventful day in the realms of sport. No less than a dozen pugilistic contests are staged in different parts of the country. One of them of more than ordinary interest to this section of the country is the bout between Carl Morris, the "white man's hope," of Oklahoma, and Mike Shreck of Cincinnati.

Morris is a big railroader, who decided that Jack Johnson ought to be whipped by a white man, and deliberately laid his plans to achieve that questionable distinction. He is big, strong, quick, and has been very successful in the few contests he has had. He has fought six battles with amateurs and third raters and has disposed of all of them with a knockout punch. He has a rich backer who proposes to spend any amount to develop his prowess if he continues to make good, and much depends upon his meeting with Shreck today.

Shreck is not so large and is not ranked as a first rater, but he has been in the business a long time, has had a lot of ring experience and is prepared to make Morris prove what there is in him. He is a good man to test the metal of the Oklahoma man. If he is defeated, Oklahoma will have renewed confidence in her hope, but if Morris is knocked out, the hope of the new state will be blasted for a time at least.

Moved to Hopkins.

Frank Orcutt, the well known contractor, moved his family to Hopkins Tuesday. We would inform the Hopkinites that in the Orcutt family they have one of the Maryville's very best. Miss Alice Orcutt, the eldest daughter, is a member of the Washington school faculty, and will make her home during the remainder of the school year with Mr. and Mrs. S. M. Simpson.

April 7 is Arbor day, and Governor Hadley urges all the schools of the state to fittingly observe it.

FRANK BOLIN WILL BE A CANDIDATE

A delegation of Franks—Frank Roelofson and Frank Bolin—left Maryville this morning for St. Joseph to attend the state camp of the Woodmen of the World. Five or six hundred delegates are expected, and a big time has been provided by the program committee and the entertainment committee of St. Joseph. The meetings will be held at the Ad club's rooms, and the visitors will be welcomed by Hon. B. Raleigh Martin.

Frank Bolin of camp No. 8 of this city is a candidate for delegate to the sovereign camp, which will convene at Rochester, N. Y., next fall, and here's hoping that he wins out.

NO AUDITORIUM TO BE BUILT THIS YEAR

According to a decision reached by the committee of the Commercial club appointed to canvass the matter, there will be no permanent auditorium built this year. The committee met last night with Professor Landon, and reported that they had concluded it would be doubtful about financing the proposition at this time, and it was decided to drop the project for this present year. An auditorium such as was proposed would be a great advantage to Maryville.

The Chautauqua will not be affected by the decision to drop the auditorium project. Work on the Chautauqua is going right along, and a fine program is being made up from among the leading entertainers of the country. It will be held under a canvas as usual, and the indications are at this time that it will be a great success.

ANNUAL ELECTION TO TAKE PLACE APRIL 11

The annual election of officers is to take place at the Commercial club meeting to be held Tuesday evening, April 11. A luncheon will also be given at this time in the club rooms.

The terms of Nick Sturm as president of the club and G. B. Roseberry as secretary will expire at this meeting. Also the terms of three directors will be out, being as follows: G. B. Roseberry, Charles Hyslop and H. L. Raines.

The meeting being the annual one, every member should attend. The election of a president and secretary of the club is made by the board of directors, and the directors are named by the club members.

MAY START SOON ON FOREIGN TRIP

Raymond Wray, son of Mr. and Mrs. Curtis Wray, left Monday night for New York City. He will also visit his sister, Miss Helen Wray, at Springfield, Mass., where she is employed as a stenographer. Miss Wray makes her home with Mrs. Walter Buckland, formerly Miss Inez Ray of Maryville, the eldest daughter of Mr. and Mrs. James W. Ray of South Main street.

Mr. Wray has been linotype operator for the Tribune for several years and is a good one. He expects to start from New York at no distant date for a stay of several years abroad.

GOVERNOR WILL SIGN BILL FOR MONUMENTS

Governor Hadley stated today that he will sign the appropriations for monuments to Mark Twain, costing \$11,000, to General Sterling Price, costing \$5,000; to Missouri soldiers at Vicksburg, costing \$50,000; \$10,000 for the Pacific Panama exposition and \$3,000 for the Santa Fe trail markers, but that he will not appoint the commissioners provided for in the bills until he is satisfied that the revenues will be sufficient to allow the expenditure of the money for these purposes.

"I am satisfied," he said, "that none of the gentlemen who introduced these bills would want the inmates of the state institutions to suffer in order that monuments might be erected to men who are dead."

Improving Cafe.

The interior of the Reuillard cafe, on South Main street, is being improved by paper hangers and decorators. The color scheme of green and white is being carried out, which, with the dark oak furnishings, make a very handsome combination.

Moving Family Here.

R. W. Brown, who is employed in the barber shop of E. W. Friend, returned Tuesday morning from Creston, his former home, where he had been making arrangements to move his family here.

A collection of twenty-five army rifles advertised by Campbell & Clark and exhibited in their window this morning was the center of attraction, and drew a large crowd all this morning.

Mrs. F. M. Compton of Burlington Junction spent Tuesday in Maryville shopping.

ELECTION IS QUIET

MUCH SCRATCHING BEING DONE BY THE VOTERS.

FARMER VOTE IS LIGHT

Rumor Has It That Murrin, Hamlin and Westfall Are Leading the Ticket.

After a brief but spirited campaign of two days the Democratic and Republican nominees for township officers locked horns this morning. The morning vote was light and there was so much scratching reported that it is impossible to forecast the results with any degree of accuracy. The report is that John Murrin, Ed Hamlin and Henry Westfall are running strong and their election is confidently claimed.

Up to noon very few farmers had voted, and the indications are that the country vote will be very light. Farmers are very busy getting ready for an early crop, and are hard to pry away from their work. This is somewhat to the disadvantage of the Democratic candidates, as they expected strong support from the township outside of Maryville.

Everything has been very quiet and orderly and no conflicts had been reported at a late hour. At 3 o'clock the vote in the various precincts was as follows:

First ward.....	182
Second ward.....	165
Third ward.....	169
Fourth ward.....	307

Total.....823

A full vote from the various wards would be about as follows:

First ward.....	425
Second ward.....	400
Third ward.....	400
Fourth ward.....	700

Henry Westfall for collector was believed to be leading in at least three of the wards at 3 o'clock, and his friends believe his election is a matter of certainty.

WILL OPEN STUDIO IN OKLAHOMA

Guy Neal left Monday morning for Vinita, Okla., with the intention of opening a music studio in that city if the outlook is good. If not he will go to some other place in that state where the prospects are favorable for a school of music such as he wishes to conduct.

Mr. Neal is a graduate and post-graduate of the Maryville Conservatory and has been assisting with the work of the Conservatory since January. His training has fitted him splendidly for the work he has decided upon.

HOME ON VISIT FROM WASHINGTON

Charles Bennett of Bremerton, Wash., is in Maryville on a visit to his mother, Mrs. I. A. Bennett, and his brothers. Mr. Bennett was summoned home by the death of his father, the late I. A. Bennett, but was unable to arrive in time for the funeral services, which were held last Wednesday.

Mr. Bennett and his family moved to Washington about two years ago. He is employed in the U. S. navy ship yards at Bremerton, and is doing well. Some 2,000 men are employed in all the departments of these yards. He considers the Washington country the greatest in the world from every point of view, but thinks the health benefit the greatest part of all it offers, because one cannot share in its prosperity and advancement without it.

The climate is delightful the year 'round. The winters are never cold as they are here, and the breeze from the ocean makes living delightful in summer. Business is never dull there and the prospect is now that the coming year will bring better things than for many years in the past. Mr. Bennett and his family are well, happy and satisfied in their western home.

Money Found.

O. W. Swinford found a bill of paper currency on the streets of Maryville Monday. He says the owner can have same by describing it and paying for this notice.

GRADING WORK ON THE NORMAL CAMPUS

Plans were agreed upon Friday morning by President Blagg and the administration of the Normal school for the work of grading the grounds in front of the Normal building. The work is to begin at once.

The grading next to the sidewalk is almost completed at the present time. The dirt has been leveled to a distance of seventeen feet on each side of the walk. A ten-inch terrace is to be made on each side of this strip and the whole will be seeded in blue grass.

A double row of hard maple trees will be set out along the walk just inside of the terraces. One hundred trees will be ordered for this purpose, and they will be placed at a distance of forty feet from each other. All of the ground east of the walk will be seeded down, while for this year only the ground to the west of the row of trees on the other side of the walk will be used for the farmers' corn test.

A representative from the agricultural college of the state university will be here this week to select the ground on the Normal campus which will be used for the agricultural experiment station.

PAYING CASES SET FOR TRIAL THURSDAY

Circuit court will be convened Thursday for the purpose of trying a number of paying cases. The cases will be heard by Judge Arch B. Davis of Chillicothe, and it is probable that the issues involved will be submitted in one case and that all parties will abide by the results. The suits are the outgrowth of some paving done on Second street, which the defendants claim was defective and not according to specifications.

The plaintiff in the case is the city of Maryville to the use of the Mortgage and Debenture company, and the several defendants are as follows: Catharine and John R. Miller, Cephas T. Stephenson et al., John B. and Emma Cox, John P. and Honor Belle Hawkins, A. M. and Anna M. Bright, Thomas C. Halliwell et al., Eliza E. Van Briggles et al., Anice M. Kinella and Wm. Helpey et al. Shinabargar, Blagg & Ellison will represent the plaintiff and F. P. Robinson will look after the interests of the defendants.

RESIDENCE CHANGES BY THREE FAMILIES

J. B. Henderson, formerly of the furniture firm of Henderson & Price, will move soon into the McJimney place, on South Main street, now occupied by A. I. Campbell. Mr. Campbell will move to the D. C. White place, and Mrs. White will move into the O. L. Holmes property, which she purchased, on South Buchanan street.

Mrs. C. J. Cronhardt left for her home in Knobnoster, Mo., Tuesday morning, after a visit with her daughter, Mrs. W. H. Baker of North Main street.

THE DECAY OF MANNERS.

Thomas Nelson Page writes in the April Century "On the Decay of Manners"—manners which are the hallmark of "that life of quality, the foundation of which is good breeding, the native air of which is refinement, and the membership of which are all gentlefolk the world over." Here are some of his points:

"The bloom on the ripened fruit of civilization, and the proof of its perfection, is delicacy."

"Whatsoever the form may be, and there are many forms in which good breeding may present itself—as many, indeed, as are the incidents of social intercourse—whatever tends to put at ease the person one meets is good manners, and whatever tends to the opposite is rudeness."

"Whosoever takes advantage of another we know cannot be a gentleman, for the first word of the law of good breeding, as the last, is kindness. The Golden Rule contains the last word of manners, as it does on most other laws of living."

"The express train and the 'crush-hour' are in many ways great advantages, but they are not conducive to good manners."

"To revive ancient good breeding and bring back the old-time manners, it is necessary to set aside money as the chief foundation of respect, and to set up once more the ideals of courtesy and kindly conduct."

"Women make both the manners and the morals of a people. Neither rises higher than the gauge which women set in a community."

"If those who are gentlefolk—who possess the rare, but often unprized, treasures of refinement, culture, taste, and high ideals of living and thinking, would scrupulously hold themselves above pandering to vulgarity simply because it has wealth behind it, a society would soon be formed which would have not only the stamp of good breeding, but, as possessing the thing itself, would have the authority and power to dictate its own terms."

Printing Don't Have to Be Done There

President Taylor received recently a letter from Secretary of State Roach stating that the report that all public printing had to be done at Jefferson City was untrue, as the only printing to be done there is that which is used in the state offices at the capital.

Miss Helen Dougan of South Vine street is in St. Joseph for a week's visit with Mrs. Zella Mullin, the daughter of Mr. and Mrs. Dennis Collins, living north of Maryville.

A. J. Campbell, the hardware man, has leased the D. C. White place, recently acquired by O. L. Holmes, and will move there next week. Mr. Campbell proposes to mix a little farming along with his business, and has secured an ideal five-acre place.

HER FIRST TIME ABSENT OR TARDY

Miss Neva Sage, the 16-year-old daughter of Mr. and Mrs. A. R. Sage of South Main street, was at home sick Monday and Tuesday, threatened with pneumonia. Her condition is much better Tuesday, and she is hoping to be able to resume her studies by Thursday.

Miss Neva is a junior in the high school and her detention from school at this time is the first day of school she has missed since the day she started, when she was 6 years old, and she has never been tardy. This is a school girl record to be proud of. Storms nor wind, nor height, nor depth, "nor any other creature" has kept her from her post of duty. She is a pretty good musician, too, and plays the pipe organ at the First Presbyterian church, on occasion, very nicely, and is the Sunday school organist.

THREE MARYVILLE MEN DRAW LAND IN FLORIDA

Joseph Allen of Allen Bros., who went to Miami, Fla., to attend a land drawing, has sent word to Maryville friends that he and his brother each drew good ten-acre tracts close to town, and that J. B. Ellis of the Fern theater was the winner of a fine thirty-acre tract.

RED HAIR WINS DIVORCE SUIT

Kansas City Woman Finds Auburn Tress on Hubby's Brush.

Kansas City, March 28.—Mrs. Emma B. Mason obtained a divorce from Howard L. Mason, a wealthy real estate man and president of the Safety Rail and Joint Lock company. After listening to testimony, in which Mrs. Mason told of finding red hair on one of her husband's hair brushes and of comparing the same red hair with that which adorned the head of her husband's fair stenographer, Judge Goodrich granted the decree and gave Mrs. Mason the custody of their nine-year-old son.

Mrs. Mason met Mr. Mason at a railroad station one day last year, and he had with him his secretary, a pretty young woman with auburn hair. The explanation was satisfactory—so much business to transact. After another trip a few weeks later Mrs. Mason said she found the red hairs on the brush.

New York, March 28.—The council of the Royal Geographical Society of England has awarded to Dr. Wilfred T. Grenfell, the missionary and explorer, the Murchison bequest for the current year in recognition of his many years' work in Labrador.

Dr. Grenfell's work, it is pointed out, has resulted in a material contribution to the accuracy of existing defective charts of the Labrador region and in valuable contributions to knowledge of the geography, the people and the resources of Labrador.

Improvement at Mark's.

Back to Old Nodaway.

Charles Curtin of Clyde, who left a short time ago for South Dakota intending to remain and make his fortune, was in Maryville Tuesday on business. He has returned to stay, and says old Nodaway county is good enough for him, which shows his wisdom and good judgment.

STORM SWEEPS PHILADELPHIA

Wind Unroofs Houses and Tears Down Buildings.

PENNSYLVANIA ROAD TIED UP.

Unidentified Man Killed at Tacony Station When Portion of Structure Is Blown Away—Havoc in Fashionable Section.

Philadelphia, March 28.—A severe electrical storm, accompanied by a high wind, which at times blew with cyclonic force, swept over the northern section of this city, leaving destruction and death in its wake.

Buildings were demolished, houses unroofed and the New York division of the Pennsylvania railroad was placed out of commission by the demolition of its tower at Holmesburg and station at Tacony.

Tacony, the section where the greatest damage was done, was completely cut off from the rest of the city. Telegraph, telephone and trolley wires were blown to the ground. The police station was demolished. At the Tacony station of the Pennsylvania railroad an unidentified man was killed when a portion of the structure was blown away. Many houses in this section were unroofed or demolished.

In the manufacturing section of Kensington, several factories were destroyed, trolley wires were blown down and roofs of houses hurled to the center of the streets.

In the fashionable section of Germantown, the storm also caused havoc. The cupola of St. Michael's church was blown off. Jones' hall also lost its roof, as did the factory of the American Metal company. Many mills were unroofed by the storm in Manayunk.

WALSH AND MORSE TO STAY

President Will Turn Down Appeals of Two Convicted Bankers.

Washington, March 28.—From sources close to the president it was learned that the pardon appeals of the two convicted bankers, Charles W. Morse of New York and John R. Walsh of Chicago, undoubtedly will be denied. It is stated that the attorney general's recommendation in both cases is adverse and that the president will follow his findings.

Reports that Charles W. Morse, now in the Atlanta penitentiary, is in a critical condition are without foundation, according to an unofficial statement by the department of justice. It was declared that when Morse's petition for a pardon was prepared to the president, the prisoner's health was entirely normal.

President Taft has had Morse's application for clemency under consideration about three weeks. He also has considered an application for the pardon of John R. Walsh, now in the Leavenworth penitentiary.

Morse is serving a fifteen-year sentence, while Walsh is serving a sentence of five years.

The papers in the two cases have been before the president for several weeks. They were first considered by Attorney General Wickersham, who went exhaustively into the evidence presented at the trials of the two bankers.

MADMAN TERRORIZES TOWN

Runs at Large on Harlan Streets With Two Revolvers.

Harlan, Ia., March 28.—Otto Rasmussen, aged twenty-one years, with a large revolver in each hand, terrorized the people of this city for about an hour before he was finally taken into control.

Rasmussen, who is employed in the Harlan roller mills, went violently insane at noon. He was armed with a revolver and after threatening the lives of C. C. Rasmussen and Audie Watkins in the mill, he held Sheriff McMahon at bay and, eluding the officer, ran up town, secured another revolver, and paraded up and down the streets, threatening everyone he met. He succeeded in reaching his home and barricaded himself in a room, where he was taken a prisoner by Deputy Christiansen. The deputy entered the Rasmussen home and by a quick stroke knocked a revolver from the grip of the insane man, who was overcome by others of the posse of five deputy sheriffs who surrounded the house.

The insanity commission will examine into the mental condition of Rasmussen today.

Crush at Roosevelt Lecture.

Berkeley, Cal., March 28.—A crowd that again taxed the capacity of the Greek theater of the University of California heard Colonel Roosevelt continue his lecture series. Under the rostrum the throng was dense that a young boy was almost overcome and he was saved from fainting by the colonel himself, who interrupted his address to hand down a pitcher of ice water to the suffering lad.

City Election at Marshalltown.

Marshalltown, Ia., March 28.—In the most spirited city election ever held here and the first under the commission plan of government, W. H. Jones was elected mayor by 184 majority over Joseph Mohr, Socialist Union Labor candidate.

A Helpful Message to Scalp Sufferers and Men Whose Hair is Thinning.

Dandruff now—bald later. The same is true of scalp diseases. In fact, baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it is dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirling cure for dandruff, eczema and all diseases of the skin and scalp the Charles Love drug store, on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city, secured the agency for the remedy. This remedy is Zemo, the clean, liquid preparation that kills the germ of disease, and Zemo Soap to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Maryville by Charles Love, druggist.

INQUIRY INTO FIRE HORROR

New York Officials Seeking to
Fix Blame for Holocaust.

EIGHTY-SIX BODIES IDENTIFIED

Total Number Dead Is One Hundred and Forty-two, of Whom Sixteen Are Men—Thirty-three Unidentified Bodies at Morgue.

New York, March 28.—Fixing the blame for the loss of 142 lives in the Washington Square fire drew to a focus the energies of the district attorney's staff, the fire marshal, the coroner, the state labor department and Borough President McAneny of Manhattan. Dozens of investigators collected available information. Grand jurors turned personal probers and an additional grand jury in a formal resolution, presented to the court of general sessions, offered their aid to the district attorney and declared that some one should be prosecuted for the disaster.

What the probers found—evidence that doors at exits swung inward, the crumpled fire escape in the airshaft, the one fire escape blocked by iron shutters when opened, an empty water tank on the roof and the practice prevalent among cutters of lighting cigarettes a few minutes before quitting time—all this and what is yet to be ferreted out, will be placed speedily before the grand jury for action. District Attorney Whitman announced. The tenement house department summoned owners of half a dozen faulty structures to police court as a preliminary step to a far-reaching investigation of tenements. One man was held for violating the law and other cases, it was announced, will be pressed.

Fire Marshal Beers summoned the proprietors of the Triangle Waist company and several employees to testify at a public investigation, largely to inquire into the truth of reports that doors leading to fire exits were blocked.

"So far as I can discover," he said, "there never has been a fire drill in this factory. In my opinion it would take 700 girls three hours to reach the street by the one fire escape. Nine-tenths of the employees cannot speak English, yet I could not find a sign in Yiddish or Italian pointing out the fire exits."

Cigarette Assorted Cause. The fire marshal said he was convinced that a cigarette lit by a cutter and thrown into a heap of clippings had started the fire.

A relief fund for the sufferers is headed by a \$5,000 donation from Andrew Carnegie. The United Hebrew charities, the Austrian Hebrew Free Burial association and other organizations came to the fore with aid. Thirty-three bodies, most of them shorn of all semblance of human forms, lie unidentified at the Charles Pier morgue. Twelve persons, most of them girls in their teens, are fighting for life in hospitals. Half a hundred funeral trains trailed through the East side and the Italian district near the factory and as many more are scheduled for today.

The unidentified will be buried in a single grave, but will be held as long as possible to give relatives and friends an opportunity to claim them.

Final figures place the death list at 142. Of these 133 bodies were taken from the scene of the disaster and nine died in hospitals. The list will be swelled, surgeons say, by others, who, still living, have no chance to recover.

FIVE BURN TO DEATH

Dr. D. E. Morris and Four Children Perish in Fire at Aurora, Mo.

Aurora, Mo., March 28.—Dr. D. E. Morris, a prominent physician, and his four children were burned to death in a fire that destroyed the Morris home, three miles southeast of here.

Members of the family were asleep on the second floor of the house. When awakened the flames were about them. Finding escape cut off, Dr. Morris threw a bed mattress out of the window to the ground. Lowering his wife and seven-year-old daughter to safety, the physician rushed into an adjoining room to awaken the four other children. He never returned. The bodies were found in the ruins.

MORMON PIONEER IS DEAD

Treasurer of Church More Than Fifty Years Dies of Old Age.

Salt Lake, Utah, March 28.—James Jack, treasurer of Utah for twenty years and treasurer of the Mormon church for more than fifty years, died at his home here of old age. He was eighty-two years old.

Jack crossed the plains with an ox team in the early 50s and shortly after reaching Salt Lake was appointed by Brigham Young as treasurer of the church. He served in this office under all Mr. Young's successors.

No Statue for Ben Butler.

Boston, March 28.—A proposition to erect a statue of General Benjamin Butler, former governor of Massachusetts, received a setback in the Massachusetts legislature. The ways and means committee reported "ought not to pass" on the bill appropriating \$25,000 for a statue of the general.

DON'T PULL OUT THE GRAY HAIRS

NO LONGER NECESSARY, SAYS A WRITER.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hairs, dull lifeless hair, or hair that is falling out is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea," which our grand parents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage, and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

WOMEN'S BEAUTY.

Imperfect Digestion Causes Bad Complexion and Dull Eyes.

The color in your cheeks won't fade, the brightness in your eye won't vanish, if you keep your stomach in good condition.

Belching gas; heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body, and when food ferments in the stomach enough nourishment is not supplied.

Mi-o-na stomach tablets give instant relief to upset stomachs, but they do more: they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

"I had stomach trouble for six years—for days at a time could eat nothing at all. After taking Mi-o-na treatment I am in perfect health and can eat anything."—E. M. Campbell, 1290 S. Prospect St., Sedalia, Mo.

Mi-o-na is sold by druggists everywhere and by the Orear-Henry Drug company at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress, or money back.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spencer of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 509 Caldwell building, Monticello, Ill.

El Paso, Tex., March 28.—Couriers who left Madero's camp several days ago, when the insurrecto leader was about sixty miles north of Chihuahua, reported to the junta here that Madero was enthusiastic over the condition of the insurrectos.

At that time Madero had not heard of the resignation of the Diaz cabinet. The couriers reported, however, that Madero had repeated his declaration that the insurrection would not cease until Diaz had been replaced and reforms had been accomplished rather than promised.

From the interior of northern Mexico come reports that suffering among the noncombatants is growing worse.

HOPÍ INDIANS WOULD BE FREE

Chief Tells President His People Want White Men to Let Them Alone.

Washington, March 28.—Chief Yukeoma, a thin, dried up looking little Hopi Indian from the Moqui reservation in Arizona, clad in the trappings of his tribe, and stubbornly protesting against the march of civilization, appeared at the White House and made a plea to President Taft on behalf of himself and several hundred of his fellow tribesmen to be left alone. The aged little Indian's speech was interpreted to the president as follows: "Oh, Great White Father, my people want to live as in the days of old before the paleface took from us the land that was ours. We don't want schools. We want to be left alone to live as we wish, to roam free without the white man always there to tell us what we can do and what we cannot do."

Yukeoma's beady, little black eyes were sadder than ever when he left the White House, for the president told him that the schools could not be abolished.

Identifies Suicide as Himself.

Thornton, son of a Kansas City politician, to learn what he knows concerning a supposed suicide from the government reservation at San Pedro and a subsequent false identification of the victim's body as that of Thornton. Thornton, however, has been seen alive and well since the tragedy.
